

Easter Egg Scavenger Hunt

Instructions:

Give each Egg Hunt participant a card. They must find only the eggs listed on their scavenger hunt. You can either fill all the eggs and that's the prize; you could also give each child a small prize when they complete the scavenger hunt; or give a bigger prize to the first one to find all the eggs on their list.

There are six printable cards, each of which will find 12 eggs. Print out doubles, or triples if you need them.

To have enough eggs for the six cards you will need:

12 purple eggs

12 yellow eggs

12 pink eggs

12 blue eggs

12 orange eggs

12 green eggs

72 eggs
