

How to make Pot of Gold Invitations:

- 1, Cut out the pots (use this as a template to trace onto black paper or craft foam). Glue the front and back together – just around the edges – **Leave the entire top open!**
2. Write the party details on the yellow coin, and cut out the circle “gold” (or use as a template to trace onto yellow paper) and write your party details.
3. Once the glue is dry put the gold into the pot and deliver to your guests!
